

Thornham Village Hall and Playing Field

Health and Safety Policy

This document is the Health and Safety policy of the Directors and Trustees of Thornham Village Hall and Playing Field, hereinafter referred to as the 'Trustees'.

Our policy is to:

- i. Provide healthy and safe working conditions, equipment and systems of work for our volunteers, members, visitors, hirers and any future employees.
- ii. Keep the hall premises and playing field and their facilities and equipment in a safe condition for all users.
- iii. Provide such training and information as is necessary to volunteers, users and any staff.

It is the intention of the Trustees to comply with all Health and safety legislation and to act positively where they can reasonably do so to prevent injury, ill health or any danger arising from the activities and operations within the Hall and Field.

The Trustees consider the promotion of health and safety of all who use the premises, including contractors who may work there, to be of great importance. They recognise that the effective prevention of accidents depends as much on a committed attitude of mind to safety as on the operation and maintenance of equipment and safe systems of work. To this end, they will seek to encourage all visitors, contractors and users and any staff to engage in the establishment and observance of safe working practices.

Any employees, contractors, visitors and users will be expected to recognise that there is a duty on them to comply with the practices set out by the Trustees, with all safety requirements set out in the hiring agreement and with safety notices on the premises and to accept responsibility to do everything they can to prevent injury to themselves and others.

Signed: John Joseph Warham Chairman
 Ian Barrett Company Secretary

On behalf of Trustees of Thornham Village Hall and Playing Field

Date: 13th July 2013
